## SOFT LOW RESIDUE DIET GUIDELINES

A low-residue diet limits the amount of fiber and other undigested material that passes through your large intestine. As a result, a low-residue diet reduces the size and number of your stools, helping to relieve abdominal pain, diarrhea or flare-ups of certain digestive problems, such as diverticulitis and helps in your recovery after bowel surgery.

The following foods **can be** eaten as part of a low-residue diet:

- Refined breads, crackers, chips and pasta with less than 1 gram of fiber per serving (Note: Ideally, look for products with zero grams of dietary fiber per serving.)
- Plain cereals e.g. Cheerios, Cornflakes, Cream of Wheat, Rice Krispies, & Special K
- White rice
- Vegetable juices without seeds or pulp
- Fruit juices with no pulp
- Milk, yogurt, pudding, ice cream, and cream-based soups and sauces (strained)
- Tender meat, poultry, fish and eggs
- Oil, margarine, butter and mayonnaise
- Smooth salad dressings
- Broth-based soups (strained)
- Jelly, honey and syrup
- Applesauce, apricots, banana (1/2), cantaloupe, canned fruit cocktail, grapes, honeydew melon, peaches, watermelon
- Well-cooked and tender vegetables including alfalfa sprouts, beets, green/yellow beans, carrots, celery, cucumber, eggplant, lettuce, mushrooms, green/red peppers, squash, & zucchini

While consuming a low-residue diet, limit dairy products (such as milk, yogurt, pudding, ice cream, and cream-based soups and sauces) to no more than 2 cups a day. Also, take a **multivitamin** once daily and if you do not eat yogurt, consider a **pro-biotic** supplement.

You should **avoid**:

- Whole-grain breads, cereals and pasta
- Whole vegetables and vegetable sauces
- Vegetables from the cruciferous family such as broccoli, cauliflower, brussels sprouts, cabbage, kale, Swiss chard, etc.
- Whole fruits, including canned fruits
- Tough or coarse meats with gristle and luncheon meats or cheese with seeds
- Peanut butter
- Salad dressings with seeds or pieces of fruits or vegetables
- Seeds and nuts
- Beans and lentils
- Coconut
- Marmalade
